HICKMAN, KENTUCKY, THURSDAY

WANTED—AT ONCE.

Photographs of "Free Soup Houses" established under Wilson's administration.

Information concerning any man who is able and willing to work, but can find no job.

Advice as to where several car loads of fat hogs may be purchased at 20¢ a pound.

Directions as to how a friend of this paper may proceed to procure several train loads of wheat for 40¢ per bushel.

More of the same kind of advice concerning 20¢ corn.

The date which marked the beginning of the "Democratic party."

A picture of the Republican who said "no Democrat will ever be able to look a sheep in the face."

This small order is respectfully referred to our good Stand Pat friends who so assuringly promised them to us in the campaign of 1912. And—of course—Republicans, as men and as a party, always make their promises good.

When this order is filled according to 1912 quotations, we will place a larger one.

FORMER HICKMAN PHYSICIAN DIED AT DENVER.

Dr. Benjamin Franklin O'Daniel, widely known physician of Denver, Colo., died Sunday night at his home, 1927 Washington street, from Bright's disease. Dr. O'Daniel was 66 years old last April.

He was in the employ of the Kansas Street Railway Company for several years, as chief surgeon. He also was president of the Tennessee State Medical Association and secretary and treasurer of the Missouri State Association. The last few years Dr. O'Daniel practiced in Denver.

Dr. O'Daniel was born in Gibson county, Tenn. In 1874 he graduated from the Louisville Medical College. He married Miss Etta Ward, of Union City, Tenn. He is survived by his widow, three children—E. W. O'Daniel, of Kansas City, Mo.; D. G. O'Daniel, of Salida, Colo.; and Mrs. Fred King, of Denver.

Dr. O'Daniel will be remembered by many of our older readers, having practiced medicine and surgery in Hickman. He left here about 18 years ago.

EPWORTH LEAGUE.

The league will have charge of the evening service instead of the pastor. The program will begin at 7 o'clock. Subject: "The Reward of Religion." A program of music and short talks will constitute the exercises of the hour. The young people pleasantly anticipate the presence and encouragement of the members and friends of the church—Sarah Douglass, Supt. of Department.

"The mails are flooded with liquor circulars and yet they are closed to obscene literature and even to letters that contain 't' words,'" says the Greenwood (St. Louis) Journal. "We see no reason why this business should be permitted to use the mails to produce crime and defy laws. Nearly all the newspapers refuse to publish liquor advertisements, yet the public makes no complaint at the postoffice department for carrying such literature as they will not tolerate in their local papers."

If your Courier is marked with "Your subscription Has Expired," remember it will be the last copy you will receive until you renew.

The pride of purse and person

Such pride demands two things in clothes. First, *Style*—that attractive combination of fabric, cut, fit and feel so prized by discriminating men. Second, *Economy*—that genuine value of materials, workmanship and wear at a price that pleases the pocket-book.

Styleplus Clothes give you both for \$17.

Always a triumph of efficiency, value and economy, Styleplus Clothes \$17 are today more than ever the sensational clothing achievement of America.

The appearance and quality are so marked at the easy price \$17 that no one fails to be astonished at his first try-on.

A tremendous volume turned to Styleplus Clothes \$17 has enabled the makers to give guaranteed all wool fabrics, hand tailoring where hand tailoring counts, good linings, the style of one of the great designers, the same guarantee of satisfaction at the same old price \$17.

Why don't you take advantage of the economy behind the Styleplus method of specializing on a suit and overcoat of nationally known price.

We are the exclusive Styleplus Store and welcome a chance to demonstrate the superiority of these clothes at or near the \$17 mark.

were between 200 and
ales of cotton in that part of
the boat, with much miscellaneous freight, which hampered the inspection. When Cartmell found water was entering the hold he notified Capt. Ledger, who at once set the nose of the boat against the shore and got out his lines. The passengers were requested to go ashore. They did so without excitement.

The boat did not settle for nearly half an hour, the pumps being working at full speed all the time. So slowly did the water make its way toward the forward part of the boat that it was perhaps an hour before the fires were extinguished. The dynamo was shut off to allow every pound of steam for the pumps and the men worked by the feeble lights of lanterns, the gleam of which was unable to penetrate the dense pall of smoke more than a few feet.

The members of the crew of the Stacker Lee when she sank were: Capt. Thomas Ledger, master; Capt. Mose Smith and Lee Campbell, pilots, the latter being on watch at the time; N. B. Jokerst, first clerk; Walter Feffords, second clerk; Henry Martonaux, first mate; C. McGee, second mate; John Peterson, first engineer, and R. D. Cartmell watchman.

With passengers, white members of the crew and rousters, the boat had about 60 persons on board at the time.

The Stacker Lee was companion boat of the Ferd Herold in the Memphis-St. Louis trade. She was one of the crack boats of the Lee Line and was built at Jeffersonville, Ind., in 1902, for the Lee Line. She is registered at the port of New York. The boat is 225 feet long and 43 feet beam.

The historical bell on the Stacker was first on the old Belle of Memphis, one of the queen packets which plied the river in years gone by. When that boat was destroyed, about 20 years ago, the bell found a home on the second Robert E. Lee, successor to the famous craft which made the historical race with the Natchez from New Orleans to St. Louis.

Another boat will doubtless be put in this trade, but no announcement has yet been made as to what one it shall be.

The body of Geo. Eberhart, former a cooper in the employ of the Charleston Milling Company, was found on the Frisco tracks near Oran early Tuesday morning, and friends are inclined to think that his death was a result of foul play rather than from being run down by a train.

STR. JOHN LEE TAKES PLACE OF THE STACKER.

We learn as we go to press that the Lee Line people, who had the misfortune to lose the Str. Stacker Lee by sinking after being snagged, will place the Str. John Lee in the Memphis-Hickman-Cairo trade. She is to come up Thursdays and return Fridays p. m. The Ferd Herold will continue to make the round trips to St. Louis and Memphis while the John Lee runs only as far up as Cairo.

SATURDAY "WILSON DAY."

Next Saturday has been designated and will be observed throughout the United States as "Woodrow Wilson Day." The President has prepared a special message for this occasion which is to be transmitted to the masses. Arrangements are on foot to have this message read Saturday afternoon (if the weather permits) in the open between the Hickman Drug Store and Baltzer & Dodds, by Rev. H. M. Crain.

The Campaign Committee hopes that every patriotic Democrat and citizen of Hickman will observe this day by at least decorating the buildings and homes with flags, etc.

There is a continual cry of "wolf," now-a-days as a result of the general unsettled condition of commodities and their prices, and warnings are so numerous that they have become common. Yet, the Courier wishes to again call the attention of our farmers to the subject of cotton seed—seed for planting. Failure to heed a similar warning this time last season cost many of you a nice bunch of extra money when the planting season arrived, and quite a few were finally forced to buy mill-run seed for planting purposes at a price much above that of good, true grown seed. Those who bought the inferior seed are now getting inferior prices at the mills. This in itself drives home the point—we wish to make a saving. Every far-seeing farmer or planter will buy now, while the next year's seed is still in the mill.

THE DIFFERENCE.

Longfellow could take a worse piece of paper, write a poem on it and it was worth \$65,000. That's genius. There are some men that can write a few words on a piece of paper and it would be worth \$50,000,000. That's capital. The United States Government can take an ounce of silver and make it worth 50 cents. That's money. A mechanic can take five dollars worth of material and make it into watch springs and it is worth \$50,000. That's skill. A woman can purchase a hat for \$5.00 but prefers one that cost \$25.00. That's foolishness. There are some that may tell you that they can write you a better policy or give you better service than we can. THAT'S NERVE. We can protect your property from any hazard that you wish. THAT'S OUR BUSINESS.—HENRY & HENRY, for Insurance in all Branches.

There are five campaign committees in each precinct in the State whose duty it is to see that every Democrat or other person who will vote the Democratic ticket shall go to the polls on Nov. 7th and cast his ballot. These gentlemen have been appointed because of their enthusiasm and energy and it is safe to assume that they will do their full duty. If they do and a full vote is recorded, there will be no doubt of the outcome. Kentucky is naturally a democratic State and it is only when democrats fail of their duty that she departs from her traditions. There is every reason this year that every Democrat should be alert and let nothing keep him from the polls. President Wilson must be kept on guard to protect the honor of the nation without war if possible, and to maintain peace and prosperity. What he has done is an earnest of what he will do to carry out the splendid program mapped out. Be sure to go to the polls and stamp under the rooster.

COAL PRICES ADVANCE.

Many coal companies of Western Kentucky have notified local coal dealers that the present shortage makes it necessary for them to raise prices of all kinds of coal, for the reason that they cannot get one-fifth of the cars they need to deliver orders already received. The advance so far has been so great that dealers who have contracted to deliver coal in the future at present prices stand to lose heavily.

CALOMEL DYNAMITES A SLUGGISH LIVER.

Crashes Into Sour Bile, Making You Sick And You Lose A Day's Work.

Calomel salivates! Its mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile, it crashes into it, causing cramping nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dobson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dobson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it. Ad.

IS IT "JUST A COLD?"

Hickman People Should Ask
Themselves This Question.

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys over-work to filter the blood.

Colds often leave the kidneys weak.

First break the cold; then use Doan's Kidney Pills to avert the kidney dangers.

Let this Hickman resident tell you about them.

Mrs. R. Graves, Hickman, says: "I use Doan's Kidney Pills, procured at Helm & Ellison's Drug Store, when a cold affects my kidneys. They cure the attacks. You may continue publishing the endorsement I have given them before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Graves had. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.

**County
School Notes**

By Miss Virginia Lutten
County Supt.

The best attendance record from any school in the county for the present term comes from Cayce, the average daily attendance for the first month being 84 per cent of the census. The next best record comes from the Fulton school which was 82 per cent. We hope that more of our schools will reach these high attendance records this year. We are glad the School Improvement Leagues are making a special effort to secure better attendance.

Next week Prof. W. J. Craig, of the Western Normal, at Bowling Green, will make addresses at the following schools: McFadden, Tuesday afternoon; Crutchfield, Tuesday evening; Cayce, Wednesday afternoon; Sylvan Shade, Friday afternoon. School visits will be made to the other schools while the regular class work is in progress. All who are interested in the progress of our schools are cordially invited to be present at any and all of these public addresses. Teachers in adjoining districts may take their pupils over to visit the school in which an address is to be made. We want to give Mr. Craig a good hearing at each of these public meetings, which will be held in connection with the County Teachers Association.

Miss Ethel Hodges has been elected to teach in the Crutchfield school. We are glad to report that a number of improvements have been made in the equipment of this school by the league and the progressive teachers.

DON'T FORGET BOND ISSUE.

In the fuss and flurry of national issues, we should not lose sight of the fact that voters of Hickman will be asked to vote, Nov. 7th, on the question of issuing \$20,000 worth of 20-year bonds for the purpose of improving the city's streets. The Courier has asked some of the councilmen where and how they expect to spend this money in case the bond issue carries. We are told that it will be equitably distributed between east, old and west wards of the town; that all of the principal streets can and will be put in good order—graveled and finished like Clinton street is today—with the \$20,000. Once this is done, the city fathers can take the money they have been throwing away patching the streets and use it for paying off the bonds. It is the policy of the present city government to do right what they do undertake, rather than patch up here and there and have the same work to do again after the first gully-washing rain. This policy certainly meets with the approval of all intelligent citizens, and if the bonds are voted, the same policy will be carried out on a larger scale. Why not put all the streets in good order and be done with it? This is a matter for you to decide on Nov. 7th.

BOOST FOR THE BONDS.

The public are demanding progressive legislation in the cities as well as the nation. A city that does not go forward during the present age, goes backward. Good streets are the index-finger of progress, and signifies to the world at large, either a progressive - good - place-to-live community or an aggregation of superannated, old, moss-backs whose only policy is, "That is was good enough for father." Hickman needs better roads, and streets. The bond issue up for a vote Nov. 7th, will determine the wishes of the people of this community.

Vague rumors are being circulated against this issue, which are false and unfair in the extreme. Three fourths of the expenditure from the bonds will be spent in West Hickman and East Hickman; every principal street of each will be gravel, macadamized, and improved. Old Hickman is now in good shape, and will demand but little attention. No part of this fund is intended for leveeing Old Hickman from river overflows.

If the people of Hickman can get all this improvement, and go in a class with Union City, Fulton and every wide-awake town without any additional taxes, why not do it? Taxes will not be increased over that of the present and past years, for general taxes must be, and will be, decreased in a like proportion to cover these street bonds. If you are a booster for a better Hickman vote her "yes" on November 7.

We will designate in next issue of the Courier what streets will be improved with these funds

A ROUSING RALLY HELD HERE TUESDAY NIGHT.

Democrats from all sections of the county assembled at Hickman Tuesday night and participated in a big Democratic rally, and gave Congressman A. W. Barkley an enthusiastic ovation.

The affair started at 6:30 o'clock with a "grey mule" parade and wound up about 12 o'clock with a banquet at the La-Clede Hotel. The parade formed in West Hickman, headed by Master J. C. West in an "Uncle Sam" suit and riding a Shetland pony; then Atty. Dee McMeil, Marshal; he was followed by a brass band playing patriotic airs; then came the "grey mule" brigade in which were county officers, leading politicians and stand-pat Democrats carrying flags. There were following fifty-eight automobiles, including Fords, carrying about 300 ladies and men cheering for Wilson and Democracy, accompanied by a din of screeching auto "honks." The main streets were packed by cheering crowds to witness the parade. The noisy aggregation kept up the din until they reached the Court House, where Mr. Barkley was to speak. This was the biggest political turn-out witnessed here in many years, but went off without any accidents (except Lewis Langford lost a rear wheel from his auto) and everyone seemed in high spirits and enjoyed the affair.

When the paraders reached the Court House, they found the spacious circuit room already packed and jammed, with scarcely standing room left. In fact, it is estimated that half of the crowd was never able to get into the building.

Mr. Barkley was a little late in arriving. In the meantime the audience began calling for Judge B. T. Davis, who, though reluctant to respond, was forced to do so. Although extemporaneous, his short address was heard with profound attention and rousing cheers. He was forced to conclude abruptly upon the arrival of Judge Barkley, who immediately after a fitting and eloquent introduction by Judge Elvis J. Stahl, proceeded with his address. It is hardly necessary to say that he was greeted with a big ovation.

This address, punctuated with applause, spiced with good stories by way of illustration and founded upon facts as known by the speaker, covered the main points of the Wilson administration. The spot light was turned for a few moments upon Mr. Hughes and his record, but the more we saw of him, the smaller he got; so Mr. Barkley gave the major portion of his time to a brief analysis of the acts of the last Congress—which faced several emergency measures while the sparks of war flew thick and fast, strikes were threatening, etc.

Considerable merriment was indulged in at the expense of Dr. H. C. Barber, veterinary surgeon of Hickman, who stood near the speaker, when the latter referred to the "horse doctor" appointment by Wilson (which has been a source of great worry to the G. O. P.) Barkley did not realize why his remarks were so "funny," but seeing it pleased the audience, prolonged the agony for Dr. Barber, who was the target for a thousand eyes.

Briefly, the Congressman's address referred to a few of the many sane and sensible laws just passed, among them being:

The Rural Credit law—the farmers' financial magna charter. The Child Labor Act, which forbids that children under fourteen years of age be made slaves in sweat-shops and factories, deprived of an education and their childhood blighted.

The Adamson 8-hour law, which prevented the threatened strike and a paralysis of business, and probably starvation in the great cities, which never have more than three days' food supply on hand.

The Federal Reserve act to avert panic and financial control by Wall Street (not the Hickman Wall Street, but that of New York.)

The revision of the tariff schedules—downward.

The appropriation of millions of dollars for better highways, in co-operation with state aid. These and many other subjects were discussed, showing the broken promises of the Republicans and the fulfillment of pledges by the Democrats. He also warned his hearers that in case of a change of administration, war was more likely to follow.

INDIAN SUMMER

5,000 VOTES

In the Automobile Contest being conducted by Helm & Ellison and The Hickman Courier, Mrs. Aykroyd, organizer, authorizes the giving of 5,000 votes for each dollar spent by a new customer in the store or each new subscription to The Courier. This offer holds good from Oct. 15 to Nov. 15, 1916.

Get busy and win these extra votes

In short, it was a splendid address and had a far-reaching effect.

After the speaking, the distinguished visitor was escorted to the La-Clede Hotel, where a love-feast and banquet was enjoyed by about sixty prominent business men and planters. It was a dollar per, but well worth the money. Between courses, W. C. Reed, toastmaster, called for short talks from Judge F. S. Moore, Rev. H. M. Crain, Rev. R. C. Douglass, Judge E. J. Stahl, Judge B. T. Davis, Syd. L. Dodds, Col. C. L. Walker and Mr. Barkley, all of whom responded, adding merriment to the happy occasion. Good fellowship ran riot until the hours of night grew small.

The menu cards for this affair, bearing the portrait of the honored guest, ran as follows: Green Onions, Radishes, Celery. Oyster Cocktail, A la A. W. Barkley.

TOGS FOR JUNIOR GIRLS.

A frock of two fabrics for a girl of from eight to twelve years is shown in the sketch. The selection of fabrics and colors is one that may be decided by the mother of the young woman to be outfitted. The garment is very smart, however, and for first choice velvet and satin are recommended. The "tani" may match the frock, and an altogether charming street outfit result. If preferred, velvet and broadcloth may be combined instead of the velvet and satin as suggested. The dress is one of the straight-line garments thoroughly approved by high-grade designers of children's frocks, and an invisible fastening at the right side front is effected. A box plait on either side of the front and two similarly placed in the back give the garment sufficient fullness and flare. The front, of soft broadcloth or satin, is gathered in at the waistline, and confined with a two-inch-wide velvet belt. The lower half of the sleeves and the flaring turned-back cuffs are of broadcloth or satin, matching the front of the frock.

To make this frock for the average ten-year-old girl, two yards of velvet or other material 36 inches wide will be required for the major portions, together with one and a quarter yards of contrasting material the same width for the front, collar and cuffs.

The question of school frocks is a vital one to the mother of daughters of school age, and foremost in frocks of the character are the dark blue serges. Wool embroideries and braidings in bright colors make excellent trimmings. Dark gold is a tone applied to dark blue with excellent results.

Belts of colored leather and soft suede in colors, as well as patent

Smart Frock for the Very Young Woman.

leather belts, are used on many of the practical dresses. Pockets are noted on practically all except the very dressiest of frocks.

High, normal and long-waisted models are equally popular, and perfectly straight dresses, loosely belted, are also good.

The general outline or silhouette of girls' dresses does not change as rapidly as in garments for the grown-up members of the family. Each season, however, introduces its own trimming novelties, and the needs of the junior girl and her smaller sister should be studied carefully.

Without philosophizing on the why or wherefore of it, it may be truthfully stated that the happiness of a child may be made or marred by clothes, and surely a child's happiness is worth striving for, even in such surface matters as dress.—Washington Star.

Correct Costumes.

Town and country suits are the latest requirement of the woman who lives in town, but plays golf out of town. She must positively possess a suit informal for golf wear, against a country background, yet the same costume must be presentable on the train and in the city streets, as she goes back and forth to her club. Town and country suits are of jersey cloth or mixed worsted, with faultless lines; the coat usually some variation on Norfolk lines. Mannish kid gloves, a tailored sports hat not too gay in hue and brown glazed kid sports shoes with low rubber heels complete an exceedingly fetching and quite correct costume.

For a New Sofa Cushion.

Make a bag of scrim or unbleached cotton the size you wish the pillow to be and hang it in a convenient closet. Put into the bag, from time to time, every scrap of waste silk that is too small for other uses. When the bag is full, sew up the open end, cover and you will have a new cushion. Don't forget to start a new bag when you sew up the old one.

You will save money on flour, sugar, coffee and groceries of all kinds if you buy at Grissom's.

The man or woman that makes character makes food.—Young.

The ideal life, the life full of completion haunts us all. We feel the thing we ought to be doing beneath the thing we are.

FOOD SUGGESTIONS.

A pressed meat which will be found appetizing for picnics or luncheons on hot days is prepared as follows: Boil together a pound of round steak and two large pork hocks. When done, mince the meat with a fork but do not put it through the meat chopper as it makes it pasty. Put into a mold and pour over it the liquor in which the meat was cooked.

Salmon With Tomatoes.—Prepare tomato cups by scalding the tomato, remove the skin, then hollow out the form cups, using a sharp teaspoon. Turn upside down to drain and place on ice to keep them firm. Fill with salmon and chopped celery with a good boiled dressing that is highly seasoned.

Prune and Rice Meringue.—Boil and drain one cupful of rice, then add two tablespoonfuls of butter, three of sugar, one well-beaten egg and one teaspoonful of ginger extract. Spread some of this mixture on a platter, cover it with a layer of stewed prunes; continue alternating the layers until all the rice is used. Sprinkle lightly with sugar, and cover with a meringue made of the whites of two eggs, one-half cupful of sugar, and brown in the oven. Serve cold, decorated with whole stewed prunes.

Apricot Tapioca Pudding.—Cover one and a half cupfuls of tapioca with cold water and let it soak for three hours; then drain and add three cupfuls of boiling water, one-half a teaspoonful of salt and one cupful of sugar; cook in a double boiler until transparent. Skin and stone twelve apricots, put them into the bottom of a buttered baking dish, pour over the tapioca mixture and bake in a moderate oven for 20 minutes. Serve hot or cold with sugar and cream.

Pickled Cherries.—Select sound large cherries and to every quart of cherries allow a cupful of the best cider vinegar, two cupfuls of sugar, one stick of cinnamon, broken in bits; a blade of mace and six whole cloves. Pit the cherries, pack them in jars and pour the boiling vinegar and spices over them. Cork and set away; they may be used almost immediately.

WORK HAS STARTED ON MENDEL SECTION OF LEVEE.

L. T. Callahan, of Fulton, was the successful bidder on the enlargement work of the section of the West Hickman levee known as the Mendel levee, and he now has a big force of men and teams on the job.

Work on the portion contracted by the Dixie Construction Co. is going forward in nice shape. Two work trains are being used by this company and if nothing happens, the job will be completed on contract time.

When Traveling.

In preparing a lunch for a journey, bake the bread in empty baking powder cans. After slicing and spreading, replace it in the cans, put on the cover and the bread will be as fresh at the end of the trip (although it may be several days) as when it was first packed.

SCHOOLS STILL CLOSED.

Hickman's public schools, closed some ten days ago on account of scarlet fever have not reopened. In fact, two new cases of this disease have been reported since then, and local health officers cannot say at this time when schools will again resume. It might be added, however, that no deaths have occurred from scarlet fever.

Great Value of Fresh Air.—Roughly speaking, an increase in production of 10 per cent is not at all unusual in the average office, shop or warehouse, following the installation of a ventilation system. Fresh air, properly circulated, is an essential factor in successful factory management.

The Day the Nurse Left.—Mother (whose husband was sick with a trained nurse)—"What are you doing, children? Don't you know it isn't nice, Tommy, to kiss your sister that way?" Tommy—"I know, mamma, but she's playing nurse."—Illinois Siren.

Mother Sought Information.—Willie (to Mrs. Bayberry, who lives next door)—"Where did you get your tongue?" Mrs. Bayberry—"What do you want to know for?" Willie—"It was mother who wanted to know."—Life.

You can feel safe if we fill your prescriptions. —Hickman Drug Co.

DEATH CLAIMS ONE OF COUNTY'S BEST WOMEN.

Mrs. E. M. Bradley, wife of the late Elijah Bradley, died at the home of her grand-daughter, Mrs. Hootenpyle, of near Moscow, at 7 o'clock Sunday evening, Oct. 22, following a three days illness of pneumonia.

Deceased was one of the county's oldest and most highly respected citizens, having spent most of her life on the old home place, six miles east of Hickman. She was born Jan. 30, 1844, and married Aug. 21, 1864. Two children survive her—Mrs. W. W. Frenett (with whom she resided) of near Hickman, and Finis Bradley, of Woodland Mills. She also leaves a sister, Mrs. Henry Tress, and a brother, Albert Roper. Seven grandchildren also survive her. Mrs. Bradley was a faithful member of the Spring Valley Methodist church.

Funeral services were held Monday afternoon by the pastor of the Rush Creek church and the remains were laid to rest in the Rush Creek cemetery, where a large concourse of relatives and friends paid their last respects to this good woman. With her passing, this community loses one of its best and most loved citizens. Those who mourn her loss have our sympathy.

FORTY MILLION DOLLARS PAID FOR WAR HORSES.

Approximately 225,000 war horses have been sold at East St. Louis since the war began. The total sum paid for horses is about \$40,000,000. About 7,000 mules have been sold at a total of \$995,000. The Italian government has recently made a contract for three thousand horses to be filled in thirty days. British, French and Belgian buyers and agents for the United States army are taking a total of 2,000 horses a week.

SPECIAL NOTICE.

EVEN LOADING CABOOS TO SHIP OUT CORN.

The car shortage has reached an acute stage; so much so in fact that we noticed the N. C. & St. L. Ry. Co. is loading two cabooses with corn at Hickman, a means never before resorted to under such circumstances. It is also noticeable that the some road is cribbing up ordinary flat cars in which to ship car corn. This car looks very much like an ordinary stock car, except that it has no roof on it.

The car shortage is charged to eastern concerns, who are short of ware room and are paying demurrage and using the cars. If a demurrage charge of about \$9.98 a day could be tacked on, the car shortage would soon fade away. As it is, commercial and agricultural interests are suffering—with the ultimate consumer paying the final bill.

THE FASTEST MAIL.

Second Assistant Postmaster General Frazier has issued a formal order authorizing Victor Carlstrom, aviator, to carry two bags of United States mail by aeroplane from Chicago to New York. Carlstrom plans to make the trip between sunrise and sunset in a non-stop flight before November 1. Carlstrom represented to the postoffice department that he could make a continuous trip in ten hours, about fourteen hours faster than the speediest mail trains.

On Oct. 23, Mrs. O. B. Powell delightfully entertained the Social Embroidery Club. The evening was spent in crocheting and social conversation after which hot chocolate and cakes were served. The club adjourned to meet with Mrs. Tom Moore on Oct. 30th.

NO MORE JITNEY LOAVES AT JONES' BAKERY.

Jones' Bakery, of Hickman, manufacturers of Jones' Eatmore Bread, has discontinued the making of 5c loaves of bread and shelved the smaller pans. On account of the enormous advance on flour, etc., there is no longer any chance to make a profit on the jitney loaf. The 10c loaf will be practically the same size as heretofore, but it only requires half the labor to make that two 5c loaves require; hence a saving in cost of production by eliminating the nickel loaf.

LOOSEN UP, BOYS.

The time is growing short in which you can contribute to the campaign fund. If you have the interests of Democracy at heart and want to help this cause—send in a dollar today. The County Campaign Committee, while using money as economically as possible, are in need of more funds. It costs money to run a campaign—besides a lot of hard work. When the campaign has been finished, Judge Stahr will publish an itemized statement of the expense—showing the amount sent to the national committee—the amount spent to get speakers, music, advertising, stamps, etc. Since last week, T. T. Swaine has contributed \$1 and T. A. Prather, Jr., \$3. Previously acknowledged \$161

plus the \$4 brings the total up to \$165. There are enough good Democrats who haven't yet contributed, but should do so, to bring this amount up to \$200 by this time next week. Will you help?

THE HICKMAN COURIER

\$1.25**ON AND AFTER NOV. 1**

On and after November 1, 1916, the subscription price of The Hickman Courier will be \$1.25 a year—six months for 65c—three months for 35c.

We are compelled to charge 25c more on the year on account of the extra-ordinary advance in the price of paper, ink, type, etc. While we regret very much to make any change in our established, popular price of one dollar a year, still we are forced to do so.

Most country papers are advancing the rate to \$1.50 per year (and even at that price they will make less money than at \$1 before the war), and are cutting down the number of pages, but the Courier prefers to keep the paper up to the present standard and stand a part of the loss by charging only \$1.25. No paper under the sun can, under the present circumstances, mail out 50 copies of the paper, with an average of 12 pages each at even \$1.25 and make a cent on subscription; it is merely a matter of trying to make subscription pay its own way. Every intelligent reader knows that the money in the newspaper business is made on advertising and job work. By careful calculation, we find that from Sept. 1, 1915, to Sept. 1, 1916, it cost us \$1.14 to send you the Courier during the year—and two heavy advances in paper have occurred in the past three months, which will make the cost for the coming year about \$1.25.

All subscriptions paid before November 1 will be accepted at the old dollar a year rate; thus giving our readers due notice and a chance to save the extra 25c if they choose to do so.

We can make no promise as to how long the \$1.25 rate will be effective—as we do not know when the price of paper will decline. It is now 250 per cent higher than in 1914, and ink and type have also advanced 200 per cent.

For two years we have held our rate down—even though losing money—hoping that the paper market had reached its limit. On the contrary, our next shipment will cost \$20.00 a ton more.

Our readers will certainly grasp the situation and appreciate our predicament, which is unavoidable. We must either get more for our paper or quit business. The 25c extra you will pay will not go into our pockets, but to the paper trust, but we are unable to help it.

Kindly remember that the new rate will be effective Wednesday, November 1st, 1916.

Very respectfully,

SPEER & SEXTON, Publishers.

BIG EASTERN CONCERN LOOKING FOR LOCATION.

We have before us an inquiry from a representative of a syndicate of Eastern capitalists who wishes a location for a distillery to make denatured alcohol. This concern wants 50 acres of land, located so they can have a good connection. They use from 1,000,000 to 2,000,000 gallons of soft water daily and three car loads of coal. They would want contracts with farmers living within a radius of 10 miles to grow either sorghum or sugar beets at an agreed figure. Information sought includes rate of taxation, price of coal, eastern freight rates, etc. In short, this is a big concern; one that would be beneficial to the town's interests, the farmers, railroad, etc., and some effort should be made to land them in Hickman. The name of the firm is withheld for obvious reasons.

Against
C. Helm, Guardian, Etc., Defendant, Equity.
By virtue of a Judgment and Order of Sale of Fulton Circuit Court, rendered at the September Term, thereof, 1916, in the above cause, for the sum of approximately fifteen hundred dollars (\$1,500), I shall proceed to offer for sale at the Court House door in Hickman, Fulton County, Kentucky, to the highest bidder, at 11:14 A. M., on Monday the 13th day of November 1916, at one o'clock P. M., or thereabout (being County Court day), upon a credit of six months the following described property, to-wit:
A tract of land lying and being in Fulton County, Kentucky, in the northeast quarter of section 30, T. 1, R. 5, west, and bounded on the north by a line agreed upon and established by W. J. Brown and Wilson Hamby and contains by estimation 80 acres, more or less, see deed in D. B. 10, pp 530, except a part of same sold to J. H. Langford, said to be 18 acres, more or less, which deed is recorded in D. B. 19, pp 40, and 5 acres, more or less, sold to Matt Fowler, and recorded in D. B. 22, pp 199, this tract after said deductions containing about 60 acres. Same was conveyed to Mrs. Lovie Langford by J. R. Milner, M. C., and is recorded in Commissioner's D. B. 3, pp 68, office clerk of Fulton County Court.

Mrs. Martin Tenney and son, Martin, Jr., of Akron, Ohio, who have been visiting friends and relatives here for the past ten days, left Saturday night for Mount Vernon, Ills., where they will visit before returning home.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Paper has advanced 300 per cent since 1914, inks 240 per cent, type 200 per cent, etc., and the price of the Courier must go up 25c or quit business. This week, two of the best papers in Western Kentucky have suspended publication indefinitely on account of the critical condition of the markets affecting them. Others are bound to follow at a rapid rate. Most publishers, in order to save themselves, are raising their subscription rates from \$1.00 to \$1.50, but the Courier will try to go ahead bearing a goodly portion of the loss on subscription itself, in order to keep its big list of subscribers, without which we could not realize on advertising—the main source of revenue to any paper. Just as quickly as the paper market approaches normal, our price will go back to \$1—but how long this will be, no one knows. So, please remember the Courier will cost \$1.25 after November 1 and until you have notice of a reduction. There are only four days left in which you can renew at the old price. You may be of the opinion that the paper isn't worth \$1.25. Neither is a gallon of gasoline worth 20c, nor ten pounds of sugar worth \$1, nor calico 8c, bacon 30c, potatoes \$2, corn 95c, shoes \$7.50, etc., but these are the prices the people are paying. So don't get mad at us. Goodness knows, we didn't start the fuss in Europe.

FIRST WINTER WEATHER.

The first real winter weather of the season was felt here during the early hours of Friday morning and continued for a couple of days. The temperature dropped about 30 degrees, and Saturday morning a little ice was noticeable. The cool snap followed a blizzard which extended practically all over South Dakota, Nebraska and Western Iowa Thursday, when a snow fall of from three to five inches was recorded.

A wind and rain storm of considerable intensity preceded the cold weather by a few hours, striking here Thursday night. Various small river crafts here was sunk, resulting in several hundred dollars damage, and two big coal barges broke their lines, one of which sank.

At the first sign of sore throat, tight chest or stuffed-up head take a dose of Dr. Bell's Pine-Tar-Honey. The healing pine-tar soothing honey and glycerine quickly relieves the congestion, loosen the phlegm and break up your cold. Dr. Bell's Pine-Tar-Honey has all the benefits of the healing aroma from a pine forest, it is pleasant to take and antiseptic. The formula on the bottle tells why it relieves colds and coughs. Judge Elvis Stahr, chairman of the Fulton County Democratic Campaign Committee, together with the other members, are in one of the most active campaigns ever inaugurated in the county, and are preaching the gospel of good government to even the remotest precincts in the county. A relay of speakers, who are assigned to and master various subjects, together with a male quartette, make every meeting lively and enthusiastic. These gentlemen are making "two Democratic votes where only one grew before" and are bound to reap a good harvest on Nov. 7th. But, our friend the enemy is not asleep; it therefore behooves every Democrat to exercise his franchise on that date. The Courier ventures the prediction that the race will be closer than many are inclined to think, and over-confidence in the ranks generally might be the cause of a big disappointment.

AN CROP IS GOOD.

The pecan crop in this section is reported as being good this season, with trees loaded. But folks are already scouring the woods for them. Kentucky's native or wild pecan is the finest nut of this species in the world, and thus reminds us that it could be made a paying crop if one went into the pecan raising business in the right manner. Hundreds of acres of land in the over-flow sections of this vicinity can be purchased almost for a song, with bearing trees on it which, if properly looked after, would pay as much per acre as a corn crop and without half the labor.

WIFE TOO ILL TO WORK IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 100 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. Green, 332 E. Adams Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

WITHDRAWS PLAN TO SELL FUNDING WARRANTS.

Since inserting an advertisement in last week's Courier to the effect that the Fiscal Court would consider bids on funding warrants proposed to issue by the county for the purpose of taking up outstanding warrants, Judge Stahr informs us that the court has found a better solution to the problem and will therefore withdraw the proposition as set forth in the announcement made last week. The new plan, we understand, will be more practical and more liberal, as regards the county's interests, than the original, at the same time getting the desired results.

BAD COLDS FROM LITTLE SNEEZES GROW.

PLAN TO WIPE OUT THE ENGLISH SPARROW.

The League of American Scientists, whose object is the preservation of wild life, is conducting a campaign for the extermination of the English sparrow. Its officers say this bird has such a way here that it is doing out the smaller song and seed-eating birds, and that it has become a question of whether it will have only the English sparrow to represent our bird life in the future. It is a pest of farms and countryside all over the land.

The league intends to ask Governor of each state to issue a proclamation declaring war on the English sparrow and setting a week, possibly in April or of next year, to be devoted entirely to destroying nests of this pernicious pest. Printed instructions as to the plan of the campaign will be sent to the Mayor of all incorporated cities and villages, to the heads of the systems in every county, to the State Presidents, to the Principals of preparatory schools, to the heads of the Boy Scouts in each county and to other organizations. It might be expected to extend, partly and aid.

Four principal methods will be employed: To destroy the nests, trap and shoot the birds, and under supervision and under license by the police authorities, in cities where water is available, turning hose on the birds at night when they have gone to roost.

SOLDIERS GOT RELIEF FROM SORENESS.

Boys on the Border Relieve Their Pains and Aches With Sloan's Liniment.

"Once upon a time Norman Jones, serving in the National Guard at El Paso, returned to camp after a strenuous 15 mile hike foot-sore and leg-weary. He had not been long in active service and his shoulders, back and limbs felt the after-effects of marching.

Remembering Sloan's Liniment, Jones applied it to the sore spots and went to bed. He writes: "I awoke the next morning feeling fine; in fact I had entirely forgotten about the hike and went out for a four-hour drill in the sun as spry as ever."

Private Jones passed the experience along, and many a boy on the border relieved the agony of sprains, strains, bruises, insect bites, cramped muscles, rheumatic twinges, etc., by use of Sloan's Liniment.

SAFETY FIRST.

Calomel! Sickens, Weakens and Often Salivates.

Calomel is not a safe thing to take internally because of its unpleasant after effects. Calomel being made of mercury is an unhealthy remedy and is liable at any time to salivate you. Its action is so violent and its after effects so injurious that it is becoming less popular every day. People who believe in "safety first" are taking Lemolac in place of calomel. Lemolac possesses the virtues of calomel without its unpleasant and dangerous after effects. Lemolac does not gripe, sicken or weaken, and being purely vegetable, cannot salivate you.

We believe Lemolac will please you, as it is rapidly becoming the most popular liver medicine on the market, but will refund your money if you are not satisfied with it.—Helm & Ellison's.

LEAP YEAR POETRY.

Tell us not in idle jingle "marriage is an empty dream," for the girl is dead that's single, and things are not what they seem. Life is real, life is earnest, single blessedness a fib; "Man thou art, to man returneth," has not spoken of the rib. Not enjoyment and not sorrow is our destined end or way, but to act that each tomorrow, finds us nearer marriage day. Life is long and youth is fleeting, and our hearts, though light and gay, still like pleasant drums are beating wedding marches all the day. In the world's broad field of battle, in the bivouac of life, be not like dumb driven cattle—be a heroine—a wife! Trust no future, however pleasant, let the dead past bury its dead: act—act in the living present, heart within and hopes ahead. Lives of married folks reminds us we can live our lives as well, and departing leave behind us such examples as shall "tell"—such examples that another, wasting time in idle sport, a forlorn, unmarried brother, seeing shall take heart again. Let us, then, be up and a doing, with a heart on triumph set; still contriving still pursuing and each one a husband get.

COUNCIL PROCEEDINGS.

Council met in regular session. Present Mayor Dillon, Councilmen A. O. Caruthers, W. T. Grissom and H. O. Stonecipher.

The minutes of the last meeting were read and on motion approved and signed.

The following ordinance was regularly introduced and read, and on motion of Councilman Caruthers, which was duly seconded the said ordinance was passed by the affirmative vote of all the councilmen present. On motion of Councilman W. A. Johnston, the yeas and nays on said vote were taken, resulting as follows: W. A. Johnston, H. O. Stonecipher, W. T. Grissom and A. O. Caruthers, all voting "yea," opposed, none. Whereupon Tom Dillon, Sr., Mayor, approved said ordinance which is in words and figures as follows, to-wit:

An ordinance calling an election in the City of Hickman, in order to ascertain whether or not the electors of said city are in favor of incurring an indebtedness of \$20,000, issuing the said city bonds thereof, for the purpose of reconstruction and improvement of the public ways, streets or alleys, or repairing same, lying within the limits of said city, and the amount of money necessary to be raised annually by taxation for an interest and sinking fund, and giving due and legal notice of said election, as is provided by law.

The City Council of the City of Hickman do ordain as follows: WHEREAS, it is deemed necessary for this city to incur an indebtedness in the sum of \$20,000, the payment of which cannot be met without exceeding the income and revenue provided for the city for the present, or any particular year, for the purpose of reconstructing, reconstructing and improving the public ways, streets, and alleys of the said city;

THEFORE, The legally qualified voters of the City of Hickman are notified that an election is hereby called to be held in the said city on the 7th day of November, 1912, the regular election day for said year, in order to ascertain whether or not said electors are in favor of incurring said indebtedness;

AND WHEREAS, in order to fully pay said indebtedness and all interest that may accrue thereon it is necessary to issue bonds for said sum of \$20,000, due and payable in installments of \$1,000 per year, each and every year thereafter for the term of 20 years from issuance, together with necessary interest on the unpaid principal thereof as same becomes due, at the rate of six per cent per annum;

AND WHEREAS, in order to pay said sum of money and all interest that will accrue thereon, it is necessary to raise and set aside from the regular tax levy the sum of \$1,000, each and every year thereafter, together with interest at the rate of six per cent per annum on the said sum of \$20,000, for the first year of said bond, issue, said principal decreasing in the sum of \$1,000 each and every year thereafter for the period of 19 years;

AND WHEREAS, it is necessary to raise for the first year of said bond issue principal of said first maturing bond, and interest on all outstanding bonds, the sum of \$2,200; the second year \$2,140; the third year, \$2,080; the fourth year, \$2,020; the fifth year, \$1,960; the sixth year, \$1,900; the seventh year, \$1,840; the eighth year, \$1,780; the ninth year, \$1,720; the tenth year, \$1,660; the eleventh year, \$1,600; the twelfth year, \$1,540; the thirteenth year, \$1,480; the fourteenth year, \$1,420; the fifteenth year, \$1,360; the sixteenth year, \$1,300; the seventeenth year, \$1,240; the eighteenth year, \$1,180; the nineteenth year, \$1,120; the twentieth year, \$1,060.

THEFORE, The City Clerk of the City of Hickman is instructed to have this ordinance printed in the Hickman Courier, a newspaper of general circulation and published in said city, in at least two issues thereof, prior to November 7th, 1912; and shall in addition to said publication give additional notice of said election by separate notice printed in said Hickman "Courier," prior to said date, and for two consecutive times, specifying the amount of indebtedness proposed to be incurred, the purpose or purposes of same, and the amount of money necessary to be raised annually by taxation for an interest and sinking fund as herein provided. That said Clerk shall have ballots printed for the use of the electors of said city in said November, 7th, 1912, election with the following question thereon:

"Are you in favor of the City of Hickman issuing bonds in the sum of \$20,000, due and payable in installments of \$1,000 per year, each and every year thereafter for the term of 20 years from date of issuance, and bearing interest at the rate of six per cent per annum, for the purpose of constructing, reconstructing, and improving the public ways, streets, and alleys of the said city, it being necessary, in order to fully pay said indebtedness and all interest that may accrue thereon, to raise annually by taxation the sum of \$1,000, together with interest at the rate of six per cent per annum on all unpaid bonds for the period of twenty years.

Attest: Jno. Pyle, City Clerk.
Tom Dillon, Sr., Mayor.

An ordinance to amend an ordinance entitled "An ordinance providing the office of sanitary contractor, and regulating the duties, and compensation of same," passed June 1, 1911.

The City Council of the City of Hickman do ordain as follows: That an ordinance passed by the Board of Council of the City of Hickman, of date of June 1st, 1911, and entitled "An ordinance providing for the Office of Sanitary contractor and regulating the duties and compensation of same," be and is hereby amended in the following particulars, to-wit:

Sec. 1, now being: "That the cleaning of surface closets or privies within the limits of the City of Hickman shall be done exclusively by the city of its agents, provided however, that the private citizen may remove the night soil from their own closets or privies, or from closets upon premises occupied by themselves, if written notice be given the city, or its agents, of such intention to personally perform the said work in the manner, according to the regulations provided herein." Same being hereby repealed, and enacting in lieu thereof of the following words:

Sec. 1. That the cleaning of surface closets or privies within the limits of the City of Hickman shall be done exclusively by the city or its agents or contractors.

Attest: Jno. Pyle, City Clerk.

Tom Dillon, Sr., Mayor.

There being no further business council adjourned.

Attest: Jno. Pyle, City Clerk.

Tom Dillon, Sr., Mayor.
